HOMELESS MAN, 33 ON MURDER CHARGE

COURT TRIAL DATE SET

By **CHRIS AMERY**
chris.amery@jpress.co.uk
@ChrisAmery2

**A homeless man appeared
in court yesterday accused
of murdering his friend at a
house in St Helens.**

Jamie Hughes, 33, of no fixed address, appeared before Liverpool Crown Court after being formally charged with the murder of Paul John Tully, 35.

He was remanded in custody and is next due to appear before the same court for a plea and case management hearing on November 24.

A provisional three-day trial has been scheduled for the week commencing February 9, 2015.

Police had been called to a house on Beacon Grove, Blackbrook, at about 2.20am last Thursday (August 14) after receiving a report that a man had been assaulted.

It is believed that it was in fact Hughes himself who called police to the scene.

When officers arrived, the victim had already died.

Medical evidence pointed to him having been the victim of "a sustained attack".

Saints are all set to break even

Saints, who not too many years ago were struggling to keep their heads above water in terms of financial stability, are expecting to break even in this year and to improve further financially in the years ahead.

Chairman Eamonn McNamus revealed this week the club was likely to post an operational profit within the next 12 months.

And he cited the investment made by the club in its new stadium as the major factor behind the upsurge.

He said: "The substantial long term investment in our new stadium, along with an improvement in Super League's financial position generally, is now bearing fruit for the club and we are projecting a major improvement in 2014."

"We expect to break even this year and are now strongly positioned to be profitable operationally."

Benefit cash delays are causing misery

BY NATALIE WALKER
natalie.walker@jpres.co.uk
@NWalkerWIG

A FIVE-week wait for benefit payments could push St Helens residents into rent arrears, a leading union has said.

Concerns have been voiced that new job-seekers are being adversely affected under Universal Credit (UC), launched in the borough last month.

Union TUC said an average of 1,035 St Helens residents a month are starting job-seekers allowance claims and could be affected.

UC, the flagship scheme of the government's welfare reform programme, is a monthly payout combining several existing benefit payments.

The Department for Work and Pensions (DWP) said waits for benefit payments were commonplace and UC was making the system fairer and more efficient.

TUC regional secretary

Lynn Collins said: "We know workers in the North West have suffered cuts in real earnings over the last five years.

"Help should be there when it is needed, but instead people will be left to rely on food banks and pay day loans to see them through and wait.

"Welfare reform is one thing but the five week wait is a collective punishment for anyone who loses their job.

"People need to focus on finding new work, instead of being stressed-out about how they will pay the rent, feed the kids and keep the heating on."

Only a fraction of St Helens claimants are currently part of the Universal Credit system,

'People need to focus on finding new work, instead of being stressed-out'

which is being rolled out in stages across the region.

It is only available to single claimants but could be available to couples and families later in the year.

A spokesman for the DWP said: "Universal Credit is a vital reform that will simplify the benefits system and make work pay. The seven-day waiting period for benefits is not limited to Universal Credit but will apply to out-of-work benefits under the current system too. People can apply for an advanced benefit payment if needed.

"Paying benefits monthly is an important part of Universal Credit because it replicates the world of work and makes the transition to employment much smoother. We have matched this with increased budgeting support.

"Many people find a job quickly, and people who have recently become unemployed have money from their final pay packet to help make ends meet."

Family's walk tribute to 'superhero' dad

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

The family of a man who was treated at Willowbrook Hospice before he lost his three-year cancer battle are setting out to prove he was "a superhero".

John Clarke's partner Hannah and their daughters Isabella, seven, and Faye, 11, are set to take part in the hospice's new Superhero fundraising walk next month.

They were inspired to take on the September 13 walk at Knowsley Culture and Leisure Park by the superb treatment John, who lost his battle with neuroendocrine cancer last year, received.

Hannah, 35, of Liverpool, said: "Willowbrook were absolutely marvellous and I honestly don't know how we'd have coped without them. It was so reassuring to know that John was receiving the best care possible and the team at Willowbrook enabled him to main-

'I have so much respect for the work they do'

tain his dignity throughout his illness.

"I have so much respect for the work they do and I can't thank them enough. Taking part in the Superhero walk makes me feel like me and the girls are doing something for the hospice as well as John."

The Superhero walk will start and finish at Knowsley Culture and Leisure Park with walkers having a choice of either a 6km or 3km route.

To join Hannah, Isabella and Faye on the Superhero walk, call 01744 453798, email: events@willowbrookhospice.org.uk or register online at www.active.com - searching for Willowbrook Superhero Walk.

Nicky Saunders, Willowbrook's fundraising manager, said: "Although we don't charge a penny for our care at

Faye and Isabella get set for the Superhero Walk

the hospice, each year we must raise more £3m. We can only do that because of people like Hannah, Isabella and Faye who take part in our events, and, of course, everybody who spon-

sors them to do it.

"Our Superhero walk is a way to celebrate your own hero, have some fun and help us to raise much needed funds for Willowbrook."

Testimonial for ex-Saints' hooker Micky

Former Saints hooker Micky Higham has been granted a three-month testimonial in recognition of his long and illustrious career, good character and service to the community both within and around rugby league - and one of his fund-raising events will be a question and answer fans' forum at Langtree Park on October 29.

Billinge-born Micky started his professional rugby league career at Leigh and moved to Saints in November 2000, where he made 116 appearances and scored 35 tries as well as being a Grand Final winner at the expense of the Bradford Bulls in 2002.

He joined Wigan Warriors in October 2005 via Bradford Bulls in a deal involving the late Terry Newton.

Micky signed for Warrington for the 2009 season and won Challenge Cup medals in 2009, 2010 and 2012.

The testimonial will be launched at a Free Family

Micky Higham

Day at Monks Club Woolston on Saturday, September 13.

A special testimonial brochure is also being produced as well as his very own iPhone App game with proceeds from all fun-raising events going to 33-year-old

Micky's chosen charity, Steps, which supports children and adults affected by a lower limb condition such as clubfoot or a hip condition.

More details of all events can be found at www.micky-higham.co.uk

Fake accident used to steal car from Good Samaritan who stopped to help

By LYNDIA ROUGHLEY

newsroom@lancspublications.co.uk@
WigToday

A motorist had her expensive car stolen after two men staged a fake accident to trick her, a court heard

Cyclist Jack Cartwright pretended that she had knocked him off his bike as they were travelling Ashton-in-Makerfield and she got out of her VW Tiguan 4x4 to help him.

He told Good Samaritan, Anne Boydell, that his ankle had been injured and was swelling but unbeknown to him she was a retired nurse and so she asked him to show her his other ankle so she could compare them.

24-year-old Cartwright took his socks off and she instantly spotted that he was wearing an electronic tag and realised that it was a scam, said Peter Barr, prosecuting.

But another man suddenly

appeared, jumped into her vehicle and drove off and Cartwright leapt onto his bike and followed him. Mrs Boydell was left stranded without her phone or handbag, which had been in the car and contained a large sum of cash and her house keys.

Police recovered Cartwright's socks at the scene in Ashton-in-Makerfield but before his DNA could be found on them he had been identified from CCTV footage and was arrested on July 8.

His accomplice, who is known to police, has not yet been tracked down and the vehicle, worth £15,000 is also still missing. It was spotted several days after the incident with false registration plates and being driven by the other man, said Mr Barr.

At the time of the theft, on June 19, Cartwright had the tag fitted and had a suspended prison sentence hanging over him after a criminal damage offence.

Jailing him for two years today, Judge Alan Conrad, QC, told Cartwright today that he had "a dreadful record" and that it had been "a sophisticated offence".

He pointed out that Cartwright had decided not to tell police where the car was, though he has since revealed where he last saw it, and said he was concerned about Cartwright's unremorseful attitude when interviewed by a probation officer.

The judge ordered that the 12-week suspended sentence which Cartwright had breached should be served consecutively and he banned him from driving for two years.

Cartwright, of Phoenix Brow, St Helens, had pleaded guilty at Liverpool Crown Court to theft.

Tammy Mitchell, defending, said that Cartwright, who has 16 previous convictions, "understands the seriousness of the offence and that it was totally unacceptable."

Van escape suspect arrested

Police say a man suspected of escaping from a prison van has since been arrested in St Helens.

At about midday on July 25 security staff reported that Peter Neary, 30, had disappeared from a prison van as it drove through Toxteth, Liverpool.

Patrols attended the scene - on Parliament Street - and an extensive search of the area was launched.

The van had been travelling from Liverpool Crown Court, where Neary had appeared in relation to a burglary conspiracy case, to a local prison as he had been remanded in custody.

Initial searches drew a blank but police have since confirmed that a 30-year-old man was arrested on suspicion of escaping from lawful custody in St Helens on Monday evening (August 18).

Officers added that they are no longer looking for Peter Neary.

CCTV cameras will make park safer

Town centre ward councillors Geoff Almond and Lisa Preston demonstrate the new CCTV coverage of Nanny Goat Park

A new CCTV camera has been installed at Nanny Goat Park in a bid to prevent crime and anti-social behaviour.

The camera, part of St Helens Council's CCTV network, will be used to monitor the new skatepark area.

It was funded by cash

from the Councillor Improvement Fund.

Every year the fund has around £15,000 per ward to spend on projects suggested by local residents.

Councillors then decide which projects can be supported – taking into account budgets and timescales – and work with residents, groups

and partner organisations to develop them.

Nanny Goat Park, in Recreation Street has various facilities, including a bowling green, children's playground and a football pitch.

Any residents who want to find out more about the fund in their area should contact their ward councillor.

Globetrotting gardener strikes gold

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

A top landscape gardener from St Helens has scooped a global prize at the Singapore Garden Festival - South East Asia's version of Chelsea.

Andrew Wilson, together with business partner Gavin McWilliam, won a gold medal and best in show for their eye-catching nine-metre tall Sacred Grove garden design.

Amazingly, the garden, designed to be both spiritual and reflective, was built in the gardens by the bay in just three weeks!

Andrew said: "There were top garden designers from the UK, Australia, New Zealand and America there, so to win was absolutely fantastic.

"I heard that 100,000 people had passed through the gates throughout the festival too, so it was quite a big deal.

"Singapore is such a densely populated island that they actually have a policy of planting on all their buildings.

"It's such a hot and humid place that we wanted to cre-

Andrew Wilson (centre) with his award-winning design

ate an area that was shady and cool too.

"We combined tropical Singapore planting with an English-style meadow, using

orchids and grasses. I think our garden stood out because of its ambitious architecture too.

"It clearly struck a chord

with the judges!"

Andrew, 54, was born in the old Cowley Hill Hospital and grew up in Thatto Heath before moving to Eccleston.

He recalled how, at 13, he was "one of those annoying children who knew exactly what they wanted to do" and decided to follow a friend of

the family's daughter into landscape architecture.

Andrew, who now lives in Chertsey, near London, became such an expert that he started teaching the discipline in 1984 and helped to create the London College of Garden Design.

He now juggles his work as a lecturer with writing books and carrying out private commissions via the highly-regarded Wilson McWilliam Studio.

Last summer the RHS judge also created his first show garden at the Chelsea Flower Show since 1995 - and was awarded a silver-gilt medal for his efforts.

He added: "Next year marks Singapore's 60th anniversary of independence.

"Although the garden festival is normally held every two years, there was talk of them holding one next year to coincide with the anniversary.

"We would definitely go back. It was a really interesting and rewarding experience."

Isobel is dancing her way to the top stage

BY NATALIE WALKER
natalie.walker1@jpress.co.uk
@NWalkerWIG

A youngster who attends a St Helens dance school danced her way to a big ballet production.

Isobel Joyce, who attends the Elizabeth Hill dance school, was selected from more than 200 young hopefuls to appear in a production of Coppelia at the Plaza Theatre in Stockport with the English Youth Ballet (EYB).

There, she danced alongside EYB's stunning international principal artists and gained a unique insight into what life is like as a professional ballet dancer.

The nine-year-old underwent an intensive 10-day rehearsal process before appearing in the show and had to follow a complex timetable.

Isobel, of Appley Bridge, said: "I love dancing and have done it since I was three. I was really excited and enjoyed

Talented ballerina Isobel Joyce working with the professional dancers.

"I love performing on stage and being in competitions."

Her mum, Anita, said: "We are so proud of her."

Australian principal ballerina, Amy Drew said:

"Working in a professional environment gives the students a unique insight into life in a ballet company. Isobel is so

lucky - I wish there had been something like EYB when I was training. I feel very privileged to be a principal with the EYB as I get to work with some of the UK's most talented young dancers. I find them incredibly inspiring."

Coppelia follows the escapades of the dreamy Franz and how he falls in love with a beautiful, life-like doll.

Thousands of recycling containers are stolen

Thousands of recycling containers have been reported as stolen across St Helens in the last 12 months.

In total, 2,160 black boxes, 1,962 pink bags, 2,454 blue bags and 916 food caddies have been reported missing.

Last week we also revealed that more than 1,000 wheelie bins had been reported as stolen across St Helens in the last 12 months.

A council spokesman said: "We work closely with the police to bring those responsible to justice, but householders can help to reduce this figure by ensuring their bins are put out at the designated collection point by 6.30am on collection day – and then brought in again as soon as possible after collection."

"Experience shows that many bins are stolen after being left out for several days."

It is believed that a proportion of the missing bins and recycling containers may have been lost or accidentally tipped into bin lorries.

Replacement wheelie bins are available – but at a cost of £17.50 each "to cover delivery and administration costs".

The Town Hall spokesman added: "It's a good idea to make sure your house number is clearly displayed on your wheelie bin."

"Residents can paint their house number on the side of the bin or use identification stickers – where you can add this information – available from our contact centre, telephone 01744 676789 or e-mail: contactcentre@sthelens.gov.uk

"As well as deterring would-be thieves, it makes it easier for people to identify and reclaim their own bin from collection points."

Did you know Harold?

St Helens Council want to hear from friends or relatives of a local man who passed away this month.

Harold Hill, who was 83, lived at Haven Lea residential home in Prescot but previously lived in the Thatto Heath area.

His funeral is set to take place at St Helens Crematorium at 3pm next Tuesday (August 26).

Tragic end 60 years ago

To get rid of stomach pains which had been troubling her for three weeks a 67-year-old woman threw herself from a balcony at Providence Hospital onto a concrete courtyard some 25ft below.

Sadly, Martha Walsh, of Bronte Street, Newtown, succumbed to her injuries in the

same hospital a week later. A student nurse told how she heard a noise while Ms Walsh was in the bathroom and quickly realised that the patient had let herself out onto the balcony. When going onto the balcony herself she saw Ms Walsh lying on the courtyard below.

Sailor's bus rage 65 years ago

A sailor was found guilty of hitting a bus conductor following a trial at St Helens Magistrates' Court. Francis Toole, 26, of HM ship "Blackcap" had denied wilfully assaulting trolleybus conductor Thomas Johnson. But he was convicted following a short trial.

One witness told how the defendant had been turned away from a bus on Bridge Street because it was too full. When the bus then stopped a few yards down the road because of a faulty rear light, Toole approached the conductor and struck him in the head.

Hero soldier 70 years ago

The adventures in France of Cpl George Pumford, 28, of Clock Face Road, were recounted by an eye-witness serving alongside the St Helens soldier during the Second World War. "It was a fine show. My lads showed great spirit when they took a particularly im-

portant enemy stronghold," the officer commander told a military observer. The battalion was pressing on from Le Manoir towards Noyers where the Germans were holding out with a stubborn infantry battalion. Cpl Pumford led the way in succeeding with the advance.

Arrested pensioners revealed

By NATALIE WALKER
natalie.walker@jpress.co.uk
@NWalkerWIG

More than 120 pensioners have been arrested on suspicion of committing a criminal offence in St Helens over the four years.

Figures released under Freedom of Information rules show that in 2013/14, 27 adults aged 65 and over were arrested for crimes.

Of these, 22 were aged 65 to 69 and five were aged between 70 and 79.

This figure has fallen from 33 in previous period, which included three OAPs in their 80s and eight in their 70s.

The number of arrests has fluctuated, with 34 in 2011/12 and 27 in 2010/11.

The most serious offence in 2013/14 was rape, where one pensioner was arrested; three for actual bodily harm; and two for wounding.

There were two cases of theft, and two for burglary.

One OAP was arrested over an offence of criminal damage, one was arrested for harassment, whilst five were in trouble for breach of peace.

Three pensioners were reprimanded for being drunk and disorderly and two were arrested for drink driving offences.

Of the 27 pensioners arrested, 10 were charged and sent to court; two were sent to prison; three were given fines and one was given a curfew as part of a community order.

A Merseyside Police spokesman said officers take all reports seriously - regardless of the age of the suspect.

He added: "The decision to arrest anyone, regardless of age, is never taken lightly and officers will always explore other options, where appropriate, to resolve a situation before taking a person into custody."

Homeless man charged with murdering friend

→ FROM PAGE 1

The house was later cordoned off throughout the day for forensic examinations while officers carried out house-to-house inquiries.

Hughes was arrested last Thursday and held by detectives for questioning - before being charged

with murder on Friday evening.

Another man, also aged 33, was arrested on suspicion of murder, before being released on police bail

pending further inquiries. Anyone with information about the incident can call St Helens CID on 0151 777 6811 or Crimestoppers, in confidence, on 0800 555 111.

Students, parents and teachers at Cronton Sixth Form have celebrated outstanding results with an overall 99.2% pass rate at A level, with 80% high grades and a 100% vocational pass rate with 72% triple distinctions (equivalent to 3 As at A level).

These results and high grades build upon the 2013 results which placed the College at the top of the Department for Education performance tables as the number one A level College in Merseyside and Cheshire.

COURT REPORTER

Suspects could be in Merseyside

Police are hunting two men in connection with drugs of fences who they believe may be on Merseyside.

The appeal follows one of the biggest drug operations in Dorset in recent years.

Last month officers raided a number of addresses in the county. A total of 40 people were arrested and 37 were subsequently charged.

Two men, Adam Hamed, 20, from Liverpool, and

27-year-old Adam Larkin, from Bournemouth, are believed to be in this region.

Anyone with information should call the police force on 101 and quote Operation Moped.

Infatuated lover went to Haydock races to stalk his ex

An infatuated man stalked his ex-girlfriend - even tracking her down when she went to the races at Haydock Park.

Andrew Carr did laps around the racecourse scouring the faces of thousands of racegoers until he spotted the woman in the Tattersalls enclosure.

Carr, whose ex was out celebrating her father's birthday, sprinted over and pleaded with her to give him just five minutes so they could talk.

The woman's father then advanced on Carr and he fled, having paid £45 to get into the racecourse and spending just minutes there.

Carr had previously turned up on his ex's doorstep, on his knees, begging her to come back to him after bombarding her with text messages, e-mails and letters.

In a victim impact statement, the woman said: "I was already a complete wreck from what he had done before and I started shaking."

Carr, 45, of Burlington Road, Blackpool, admitted harassing the woman between July 29 and August 10 this year.

Pam Smith, prosecuting, said despite receiving a harassment warning from police, Carr continued to send numerous e-mails, text messages, voicemails and a letter to his former girlfriend telling her how he still loved her and wanted her back.

But the last straw was when he appeared at Haydock races on August 9. The victim's father confirmed Carr's behaviour was making his daughter ill and she had to have company when she went out.

Steven Townley, defending, said the couple had previous-

ly broken up but got together again. Carr's girlfriend then ended the relationship once more, but he felt they could get back together again.

Mr Townley said: "He continued his wooing of her. He felt some confidence because they had previously resumed their relationship. He was not stalking her when he went to the races. He had been supposed to go on the outing originally. "All he wanted was five minutes with her, but he accepts he went too far. He says there will be no further contact with her and that he has got the message loud and clear that their relationship is over."

Carr was bailed for pre-sentence reports and will be sentenced at a later date by Blackpool magistrates.

He was granted conditional bail.

Families can save money on school meals

BY CHRIS AMERY
chris.amery@jpress.co.uk
@chrisamery2

FROM September, parents of primary school pupils in St Helens could save a combined £1.8m a year on school lunches.

More than 4,700 local youngsters aged between four and seven are now eligible for free school lunches - many from

families who have previously spent up to £400 a year on homemade packed lunches.

While free school meals are means tested for all children from year three onwards, they are now available to all children in reception, year one and year two.

Government's standards for school meals mean that parents can also feel secure in the knowledge that their children will receive a healthy,

nutritious lunch - something which studies have shown contributes to improved concentration and learning in the classroom.

Evidence also shows that only around one per cent of homemade lunches meet these standards.

It is hoped the changes will also help cut the levels of childhood obesity.

Earlier this month the Reporter revealed that children

in St Helens as young as four are to be offered places on new healthy eating classes following a worrying rise in childhood obesity.

More than one in five local youngsters are now classed as obese by the time they reach year six.

Deputy Prime Minister Nick Clegg, who is spearheading the new initiative, said: "Free school meals for infants will not only save fami-

lies hundreds of pounds a year but will also have an impact on how a child performs in the classroom so that, regardless of their background, every child can have the best possible start in life.

"Pupils at the pilot schools who were all given free meals were found to be up to two months ahead of their peers elsewhere.

"This is one of the most progressive changes to our

school system for a long time. My goal is to create a level playing field for all of our children so their success will be determined by their talents and efforts alone and not by their parents' bank balance."

The new policy is just one aspect of the work that the Government is doing to improve the provision of meals in schools and transform what children eat in schools and how they learn about food.

Mark's shed of heaven wins major accolade

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

A St Helens man who built a shed in tribute to his late father and brother has seen his creation crowned Shed Of The Year.

The shed built by Mark Appleton, 52, contains a traditional hand-made wooden bar, a snug area, real pub signage, a dart board and a wood burning stove.

Dubbed The Appleton Arms, it was crowned the winner of the annual Shed of the Year competition, in the pub category.

Amazingly, The Appleton Arms wasn't the only St Helens finalist either.

The shed owned by Anne and Ian Bate, aged 45 and 47 respectively - the 1950s themed Renee and Albert's Diner - also made the final list of the Cuprinol-sponsored competition.

Renee and Albert's Diner

Mark Appleton behind the bar at The Appleton Arms.

was created as a tribute to Anne's late parents.

The shed houses an original 1950s radio, juke box, diner booth, petrol pump, light-up bar and a TV.

The finalists all featured in a new three-part TV series titled Amazing Spaces: Shed of the Year, which aired on Channel 4 at 8pm on July 24, July 31 and August 7 - when the category winners and overall 2014 winner were revealed.

Presenter George Clarke

said: "The nation's love for transforming their garden shed to an extension of the home is really trending right now.

"The TV series reveals some of the most creative, beautiful and unusual shed spaces, as well as meeting the talented people behind them."

Kay Bartlett, of Cuprinol, added: "Every year we're amazed at how creative 'shed-dies' we meet and how many wonderful entries come in."

Switch and save together

Following the success of the last Merseyside Collective Switch, which saved residents an average of £212 a year on their energy bills, another switching round has been launched for St Helens and the rest of Merseyside.

Over 4,200 people took part in the last round which saved residents a total of £205,000 on their energy bills. The highest saving was £933, and a significant number of people were able to save over £500 a year.

The Switch Together, Save Together scheme is organised by local charity, Energy Projects Plus, together with the six Merseyside local authorities.

It aims to reduce people's energy bills by using collective buying power to negotiate cheaper tariffs from energy suppliers. British Gas, Npower and Scottish Power offered special deals in the last switch including the cheapest fixed tariff from British Gas.

Participants are welcome to switch to any tariff on the market to find the deal that's right for them. The scheme aims to make it safer and easier to switch supplier, and advisors are on hand to offer free and impartial help every step of the way.

Councillor Richard McCauley, Cabinet Member for Urban Regeneration, Housing, Planning and Community Safety, said: "I would like to take this opportunity

to welcome back the Collective Switch. We were really pleased with the results of the last collective switch.

"It was great to see so many people took part and are making such significant savings at a time when household budgets are under increasing pressure.

"The £205,000 total savings is money put back into the local

economy, so it's a good thing for St Helens and Merseyside too."

Ellie Abernethy, project manager of the scheme at Energy Projects Plus, said: "We have demonstrated that collective switching works for Merseyside and is an effective and easy way for people to reduce their energy bills.

"This is a good time to think about switching so you can make sure you're on a lower tariff before the winter bills come in. It's quick and easy to register, we'll let you know how much you could save before you switch and there's no obligation. There's nothing to lose, and there could be a lot to gain."

Householders are invited to register their interest in the collective switch in order to receive information about the negotiated tariffs.

The registration period runs from 28th July to 8th September 2014. It's free to join and householders will be able to see how much they would save before they decide if they want to switch suppliers. There is no obligation to switch.

You can join the collective switch by registering online at www.LCReenergyswitch.co.uk or by calling the local Save Energy Advice Line on freephone 0800 043 0151, where residents can also get free and impartial help and advice about saving energy at home.

A-LEVEL RESULTS

Outstanding A-level exam success across town

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

Scores of students across St Helens collected their A-level results - with outstanding results.

The borough's provisional A*-E pass rate is 97.9 per cent - in line with the national average of 98 per cent.

Carmel College once again reported outstanding results, with an excellent performance at A* to B and A*-E where pass rates were above the national average.

Council chiefs added that it was also important to acknowledge and celebrate the achievement of students in other post-16 qualifications such as BTEC and vocational courses.

Coun Sue Murphy, cabinet member for schools and lifelong learning, said: "I am pleased that so many of our students have done so well and

I wish them every success in the future.

"I am sure that the students would also wish me to acknowledge the hard work and commitment of the teaching staff in St Helens schools, colleges and training providers who work tirelessly to help all of our students achieve the best results they can."

Director of Children and Young People's Services, Andy Dempsey, added: "We are very proud of the achievement of all our students. Their hard work and undoubted talents, the guidance of our staff and the support of parents have all contributed to these results."

"We wish them every success as they move onto university, further study or employment next year."

Tony Cholerton is set to star in the new series of The Zoo

Ex-mechanic swaps bikes for big cats

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

A former mechanic from St Helens has swapped the roar of motorbikes for the roar of lions!

Former Cowley High pupil Tony Cholerton is now a senior keeper at London Zoo and one of the human stars of the popular ITV series The Zoo.

The 53-year-old began life at the world's oldest zoo as a volunteer before being offered the role of zookeeper in 1996.

Tony, who grew up on Pilkington Street in Rainford, is now one of the keepers responsible for looking after the big cats at the 36-acre site in Regent's Park.

Now in its fourth series on ITV1, The Zoo is a three-part observational documentary which features many of the

animals Tony works closely alongside every day of the week.

These include a trio of rare Sumatran tiger cubs born earlier this year and a pride of lions who are forced to come to terms with some dramatic upheaval to their group.

The first episode aired on August 10.

Tony, a lifelong fan of Everton FC who now lives in Bow in East London, said: "It has been a pleasant surprise to be filmed for the television series - although there have been ups and downs for the animals I work most closely with.

"The viewing public will also get to share in the excitement of the birth and development of our three Sumatran tiger cubs, which is one of the most exciting things to happen in all my time at London Zoo."

The Zoo concludes at 8pm this Sunday (August 24).

Sofa so good as students display gardening skills

Green-fingered students from St Helens College displayed a gardening masterpiece at the UK's largest independent flower show.

The annual four-day Southport Flower Show, which attracts more than 70,000 visitors a year, exhibited the students' impressive floral furniture - including of an oversized sofa and coffee

table.

It is hoped that the work, created by students on St Helens College's horticulture and floristry courses, will attract plenty of attention as visitors relax and unwind on the innovative creation.

Horticulture lecturer Rob Hogan said: "It has been a great project for both students and staff of the college to be a

part of. It was a great opportunity for visitors of the show to see the skill, talent and calibre of students at the college.

"We are all excited to see the final piece at the show."

Satisfied students give college top marks

For the fourth year running St Helens College has received top marks for student satisfaction.

The National Student Survey (NSS) allows final year students studying for a degree to voice their opinion by providing feedback - relating to six aspects of student experience.

The results from 2014 revealed a four per cent increase for St Helens College in overall satisfaction compared to 2013 - increasing to 92 per cent - an impressive 11 per cent above the national average.

There were also increases in the level of satisfaction ranging from issues such as teaching to each student's personal development.

Julia Callaghan, St Helens College's director of customer relations and marketing, said:

"St Helens College welcomes the latest set of results from the NSS highlighting that our students are amongst the happiest and most satisfied with their degree courses in the country.

"The college prides itself on providing a first-class student experience and customer service by ensuring a high standard of teaching, academic support and learning resources. We take our students' feedback very seriously.

"If you study for a degree at St Helens College, the fees are lower than most universities and students benefit from smaller class sizes. Our results are outstanding with almost one in three students achieving a first-class BA honours degree in 2014."

Keeping active

Foundation Academy students at St Helens College enjoyed a fun-filled World Cup themed Sports Day.

The academy's annual Sports Day took place at the College's Bobbie's Lane Sports Campus where a range of sporting events took place.

The Foundation Academy, a programme designed to pro-

vide academic and personal support to those with a wide range of learning difficulties and disabilities, organised the event to allow students to display their sporting skills whilst building on their team work, confidence and self-esteem.

Students were put through their paces competing in their

Council leader hails 'huge boost' for sport

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

Town Hall bosses hope a £500,000 lottery grant to improve the borough's sports facilities will help encourage more young people to get active.

Ruskin Drive has been confirmed as one of 21 sites across the country set to share a £7.1m lottery investment from Sport England's improvement fund.

Three new floodlit artificial grass pitches are set to be created to cater for football, rugby and tennis.

St Helens Council leader Barrie Grunewald said: "This is a huge boost for sport in St Helens - and will help even more young people to get active."

"Even though there are record numbers of 16 to 25 year-olds now involved in sport every week, the new facilities at Ruskin Drive will

Council leader Barrie Grunewald

help even more young people to develop a sporting habit for life."

Sport England is investing between up to £500,000 to improve sports facilities so the changing demands of young people are met whilst delivering an improved sporting experience.

Charles Johnston, of Sport England, said: "We know people have a better experience of sport when they have good facilities in which to play. This is

why we're investing in St Helens Council to improve their facilities so they are more appealing to young people, and help us to get them developing a lifelong sporting habit."

Between 2012 and 2017, Sport England is set to invest £45m of lottery funding through the improvement fund into medium-sized projects to improve grassroots sport facilities. The next round of funding will open on September 3.

A-LEVEL RESULTS

Exceptional grades for A-level students

By CHRIS AMERY
chris.amery@jpress.co.uk
@ChrisAmery2

Among the numerous success stories at Carmel College this year were a string of St Helens students who achieved exceptional grades.

Ex-De La Salle pupil Tara Moran-Reeves, 18, of Rainhill, achieved an A* in maths and As in further maths and Spanish.

She said: "I'm over the moon. They're the grades I was predicted but I had a moment of doubt when the nerves kicked in.

"I worked really hard so I'm really pleased with my results. I've already had lots of messages from friends and relatives.

"I'm going to study maths at Manchester University now."

Fellow former De La Salle pupil Dominic Heaps, 18, of Rainhill, achieved top-rated

distinctions across the board in his triple IT BTEC diploma - the equivalent of three A-levels.

He said: "I chose the IT course because it's something that really interests me. It was all coursework too, which suited my way of working.

"I need to look for a full time job now, maybe in web design."

Ex-St Augustine's pupil Eva Knowles, 18, of Haresfinch, said she was "shocked" to pick up As in dance and English and a distinction in BTEC science.

She is now set to study primary school teaching at Edge Hill.

She said: "I was predicted a C in English so to get an A was really unexpected.

"From a young age I've always wanted to go into primary school teaching."

Fellow former St Augustine's pupil Bethany Beales, 18, of Thatto Heath, achieved As in general studies, performance

'I was predicted a C in English so to get an A was really unexpected'

studies and sociology and B in English literature.

A talented singer, dancer and actor, she hopes to forge a career in musical theatre in future.

She said: "I was worried I wouldn't get the grades I needed to get into Roehampton University in London - but I ended up exceeding what they'd asked for. It's been a stressful summer!

"I'm going to do a dual degree in English literature and performance studies now. My friends and family are really proud of me - I even got a call

Teens and alcohol don't mix

Teens and alcohol can be a dangerous combination. The fourth in our Real Lives series, shares the story of Yvonne, who tells us about what happened when her teen drank alcohol at a house party.

"We really care about our daughters Michelle (16) and Evie (12), both beautiful and clever girls. We try to be good parents and work hard to make our home safe and happy. Evie looks up to her big sister and copies everything she does.

"Last year Michelle worked really hard to pass her GCSEs and we were all thrilled with the results. We were really pleased that she was making something of her life.

"Of course her friends all wanted to celebrate and Michelle told us that her friend (who we know well) was having a house party and that there would be alcohol at the party.

"I can't say that I was pleased, especially when she asked us to buy her some alcohol to take with her to the party - but I was told there would be parental supervision and that all of her friends were going.

"I thought that it would be safer than drinking on the streets and I didn't want her to be the odd one out. At least she was being open with us. In the end I bought her three Alco pops and gave her lots of warnings and advice.

"At about 10:30pm, that's when I got the phone call. What I hadn't

banked on was that there would be others bringing lots of alcohol to the party and 'smuggling drinks' in.

"Michelle who, despite thinking she was all grown up, was mixing her drinks and getting completely drunk to the point that someone called an ambulance and she ended up in A&E.

"She was all right thank goodness, but it was such an upsetting and embarrassing experience. We even got a call from a worker at the young people's alcohol team to check that everything was ok - I couldn't apologise enough. When I think of what might have happened and the state she was in, it makes my blood run cold.

"My advice to any parent in the same situation would be to be assertive and don't get caught up in the 'peer pressure trap' yourself.

"You can't be with them all the time but you can set an example

yourself, answer their questions about alcohol honestly and make sure they know that they have choices and have thought through how to handle any situations that are likely to arise, in advance.

"Make sure they are aware of the dangers to their health and give them advice about how to stay safe. I would never have forgiven myself if there had been lasting damage."

Business thriving in village

It is one of the four townships along with Eccleston, Parr and Windle that formed the municipal borough of St Helens in 1868.

The old Township of Sutton included Peasley Cross, Marshalls Cross, Clockface, Sutton Manor and Sherdley and totalled 3,752 acres.

Looking at the business front there is a lot going on. New in the village is Brindley Tyres and Exhausts run by a father and son team.

Being family run, you get be assured that what they say is what you pay. No added extras when you get your bill. No waiting time. Just good old fashioned customer care and customer service.

On Baxters Lane is Just the Job. When Just the Job Cash and Carry first opened its doors in Sutton the owners were not really sure how their business model would fair, being so different to the shops and business available at that time.

Some 20 years on they

needed not to fear, Just the Job has just got bigger and better. Selling goods and products for around the home Just the Job specialise in buying everyday items at low costs, passing the savings on to you.

University place advice

Students in St Helens who are yet to secure a university place are being advised to look for advice and guidance following results day.

Around 60 per cent of all calls to the Exams Results Helpline have been about clearing and advisers have been providing support to students who are considering using the system as a way of continuing into university despite not receiving their predicted grades.

More than 20,000 students

were placed through clearing over the weekend.

Nick Hynes, careers adviser at Exam Results Helpline, said "We've been extremely busy at the Exam Results Helpline and we're taking a lot of calls on the Clearing system, discussing the sorts of courses and universities that students could consider."

Relocation specialist joins town estate agents

ANDREW Duncan from JB&B Leach in St Helens is celebrating after becoming an accredited Relocation Agent Specialist.

The accreditation was awarded by Relocation Agent Network and is achieved by completing a comprehensive online training programme, The Importance of Service.

A national network of independent estate agents (of which JB&B Leach is a mem-

ber), Relocation Agent Network introduced the training programme to ensure each of their members provides the very highest customer service to those relocating around the UK.

To be successfully accredited, participants must complete three phases of learning, which begins with four training sessions on the importance of customer service. This is followed by three online seminars cov-

ering the Relocation Agent Network Referral Process and how best to help customers who are relocating around the UK. Finally, participants must convert their theoretical learning into a practical skill set by delivering assistance to three relocating customers.

By working with fellow members across England, Scotland and Wales, Relocation Agent Network members provide an exclusive relocation referral service

to customers.

For those relocating to St Helens, JB&B Leach guides their customers through the daunting task of moving to an unfamiliar location.

This includes local area information on schools and amenities, popular neighbourhoods and (of course) finding the right property for them.

The introduction of a Relocation Agent Specialist to the JB&B Leach team, ensures

that this process is made even smoother.

JB&B Leach's Katherine Carsley said: "We take staff development very seriously and our managing director Andrew Duncan's Relocation Agent Network accreditation is a great example of what can be achieved when staff are supported properly to improve their skill set.

Of course, having a Relocation Agent Specialist in the team is also great for our re-

locating customers."

Relocation Agent Network's Managing Director, Richard Tucker said, "Selected by us as the best independent estate agent to represent the Network in St Helens, JB&B Leach have proved themselves as the area's Local Expert. So with the addition of an in-house Relocation Agent Specialist, they have gone one step further to provide relocating buyers and sellers with the very best customer service."

This stunning home has been sympathetically refurbished by its current owners.

Each and every room has had attention and wherever possible its original features emphasised. Upon walking through the front door you enter into the hallway.

The hall space is both appealing and of a great size. Here you can either take the stairs to the first floor, enter into the downstairs WC or take a small step into the living room.

Located at the front of the property this living room features a large sand stone fireplace. This currently houses an electric stove, however could easily fit a fuel burner should someone prefer.

You can also see the thickness of the original walls when peering out of the double glazed window. Off the hallway is then a further door into the living kitchen.

Clearly divided into three separate areas, the kitchen space offers a large range of feature wood, fitted wall and base units with a comple-

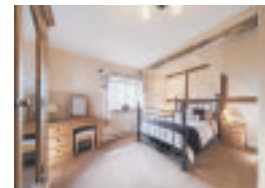

menting block timber work-top.

Constructed with families in mind the area houses a separate area which could be used either as a sitting space or dining. There are further doors off this room into the third reception space and the separate utility room.

To the first floor there are three double bedrooms including the master bedroom. The master suite incorporates a large open area with fitted wardrobes, beam details to the walls and a further door into its own en-suite.

There is also a family bathroom on this floor and an additional en-suite found in the second bedroom. Off the landing is a further staircase leading to a further floor where you can find the fourth double bedroom which benefits from beams.

Externally the property sits on a generous plot with gardens to both the side and rear elevations. Set back from the road the property has parking on the gravelled driveway with a large decked area to the rear and leading down the side of the home.

4 BEDROOM PROPERTY WITH ENCLOSED GROUNDS AND 2,500 SQ FT OF LIVING SPACE
Evolution! Having evolved as a home over a few hundred years this fine example of a four bedroom property has seen the current owners finish this process. They have created an outstanding ground floor which sweeps from room to room, the large family space creates not only the kitchen and dining room but is central to two lounges. The master bedroom to the first floor can only be described as substantial, and comes with a lovely en-suite, there are three further bedrooms and a fine family bathroom. The property sits well back from the road creating a private haven, and to the rear there is a workshop as well as enclosed family garden. A genuine example of refinement. EPC D63

<p>West Park Road, West Park £265,000</p>  <p>Doctor Who Could Easily Retire Here! or should we call this bespoke detached bungalow a Retirement Tardis? There are two bedrooms and three bathroom / shower rooms, but the big issue is the amount of living space, there is loads spread across the property. It's fair to say that you will spend most of your time in the back of the property which has an all in one living space. Time travellers welcome to view! E48</p>	<p>St Helens Road, Eccleston Park £249,995</p>  <p>Traditional Family Living! Built in an era when space did matter this semi-detached house has an all-important feature, plenty of living space. OUR COMMENT

Healthy school meals

Plans to offer healthy free school meals to all St Helens school-children aged between four and seven can only be a good thing. Not only will it save scores of parents having to fork out on homemade packed lunches, it will also ensure that their children are enjoying healthy, nutritious lunches. While free school meals are currently means tested for all children from year three onwards, they are now available to all children in reception, year one and year two. Given the recent rise in childhood obesity, this move could hardly have come at a better time. If we can get our youngsters enjoying healthy food from an early age then that childhood obesity figure should start to drop. Earlier this month the Reporter revealed that children in St Helens as young as four are to be offered places on new healthy eating classes following a worrying rise in childhood obesity. More than one in five local youngsters are now classed as obese by the time they reach year six. This week, though, doubts have been cast about the government's ability to afford their flagship free school meals programme – because of a funding shortfall. Let's hope a solution can be found to ensure that our youngest schoolchildren can be shown the way at lunch times.

YOUR LETTERS

SHOPPING CENTRE Why wasn't job advertised

On July 9, 2014, your correspondent Robert White wrote asking why the new St Helens town centre manager's job had not been openly advertised. It is well known that our "most open and transparent council" will rarely answer difficult questions put to them via our local press, thus under the heading of 'The Freedom of Information Act, 2000' I wrote to them to force an answer and learned that Mr White was quite correct and the St Helens Council was forced to admit that "They had engaged a Chair of the Town Centre Improvement Commission, which had not been advertised or short listed!" They did not reveal any present salary, but in 2009 the salary of manager was then £32,682 per year! Wouldn't these confirmed circumstances now appear to be contrary to The Equal Opportunities Act, St Helens Council? Try that for size!

ASSAULT

Don't tempt trouble

I recommend that the man featured in the Reporter article 'I was assaulted helping my girlfriend into club' keep his hands to himself in future. Drunken men will easily interpret any physical contact from another man as a sign of aggression which will inevitably end in violence. I learnt this lesson myself when I grabbed the arm of a drunk trying to alight from a train through the wrong doors. The man spent the rest of the journey squaring up to me challenging me

to a fight. It's an unfortunate statistic that victims of crime are the most likely to become victims again so it's important that victims learn from the mistakes which caused them to become victims in the first place. My bloodied face was plastered across the front page of the Reporter in 2007 after I was attacked and hospitalised for the second time. I read 'Dead or Alive: the choice is yours' by Geoff Thompson, a martial artist and former nightclub doorman, and the advice in that book helped me to recognise how I became a victim in the first place and

has literally saved me from being attacked on at least three separate occasions since after following the advice in the book.

PRIME MINISTERS

Right to be recognised

I note with great interest Royal Mail's inclusion of Harold Wilson in its set of great Prime Ministers – and no Tony Blair. I am glad his stature has been belatedly recognised. He has not fared very well at the hands of historians, but

A VETERANS' charity is celebrating after sharing a series of prestigious awards for its fund-raising work with its affiliated cadets' force.

The Ashton branch of the Royal British Legion (RBL) picked up the County Chairman's Cup 2014 after doubling its collection total, the highest increase of any group in the region. The group's fund-raising efforts have been greatly assisted by becoming affiliated with the Newton-le-Willows detachment of the Army Cadet Force

(ACF) a couple of years ago.

The youngsters recently picked up a second Top Army Cadet Award for their work on the poppy collection and scooped the overall prize as the first unit to exceed £10,000.

The cadets also won a special award for their year-round fund-raising on the Poppy Appeal, which included joining the Ashton RBL, with sergeant Amanda Stock and one of the cadet corporals bringing along the silverware to show the Legion members.

The Newton-le-Willows unit was congratulated for its efforts at the latest meeting of the Ashton RBL, with sergeant Amanda Stock and one of the cadet corporals bringing along the silverware to show the Legion members.

COMMENT

Council leader

Barrie Grunewald

Hard work paying off

Once again we've seen some great A-level results from our local schools.

Across the borough we've virtually mirrored the national picture - with 97.9 per cent of our young people gaining A* to E passes compared with a UK figure of 98 per cent.

We're really proud of the achievement of all our students.

The hard work they've put in over the last couple of years, along with the guidance of our staff and the support of their parents, has helped them take an important step towards university, further study or employment.

The town centre is a great place to be during the summer. Every year we seem to get more and more people heading for Church Square - where they know they'll be able to entertain the kids cheaply and safely.

This year we have a bigger and better Summer Beach to help meet demand (what is it about kids and sand?) plus a funfair and some great supporting entertainment. This Friday and Saturday will see a craft workshop and a pirate puppet show - both completely free to enjoy.

This weekend will also see the arrival of some very special guests in St Helens - the Fanfare de Gergy marching band, who will be performing a free concert at the town hall to celebrate our

50 year town twinning relationship with Chalon Sur Saone.

Inspired by the anniversary, Fanfare de Gergy has forged links with Valley Brass Band in Haydock - leading to an association that's resulted in their forthcoming visit.

The 145-year-old band has evolved over the years - adapting to the musical tastes of audiences - and hail from the town of Gergy, which is an integral part of the Chalon region.

It promises to be a great concert and we look forward to welcoming them.

Finally, a word about something slightly less glamorous - wheelie bins.

New figures - revealed in last week's *St Helens Reporter* - show that last year an astonishing 1,055 brown and green bins were reported as stolen over the last 12 months or so in St Helens.

Clearly that's far too many - and while the bins are replaced by the council, there's a £17.50 charge to householders to cover delivery and administration costs each time one goes missing.

We work closely with the police to bring those responsible to justice, but residents can help to reduce this figure by ensuring their bins are put out at the designated collection point by 6.30am on collection day - and then brought in again as soon as possible after collection.

Experience shows that many bins are stolen after being left out for several days.

It's also a good idea to make sure your house number is clearly displayed on your wheelie bin. Residents can paint their house number on the side of the bin or use identification stickers - where you can add this information - available from our contact centre, telephone 01744 676789 or email contact-centre@sthelens.gov.uk

As well as deterring would-be thieves, it makes it easier for people to identify and reclaim their own bin from collection points.

ROAD TEST - FIAT PANDA CROSS 0.9 TWINAIR 90HP

Styled to suit urban warriors

IS the regular Panda 4x4 not rugged enough for you? If so, Fiat has developed a tough-looking mini go-anywhere SUV.

Taking a leaf out of the books used by the big boys to develop beefy 4x4s, Fiat has produced a rough, tough version of its supermini-sized Panda. And while all-wheel drive is already an option, chunky bodystyling and an obvious focus on the great outdoors marks the Panda Cross out as a niche ve-

hicle in an already small market.

That said, there's no denying that Fiat's baby 4x4 doesn't look the part.

The micro SUV boasts all the right kit - bash plates, rugged plastic trim, a lofty stance, Tonka toy styling - but is also capable of talking the talk thanks to an intelligent, switchable 4x4 drive system. Try to resist jokes comparing Fiat's Panda Cross to something that's fallen out of a cereal box; the diminutive

4x4 has been styled to appeal to the new generation of urban warriors keen to mix the rigours of city life with aspirations of rural walking holidays and countryside getaways.

And in this context the Panda's beefy steroid-enhanced appearance makes sense.

Ground clearance isn't a whole lot more than the regular Panda 4x4 variant, but thanks to the inclusion of those chunky tyres,

shiny bash plates, plastic rubbing strips and exposed towing eyes the Cross looks like to could tackle almost anything.

Popularity-wise it's likely to be the petrol option that secures the most buyers. This means a 0.9-litre TwinAir motor producing 90 horsepower.

And while the diesel, a 1.3-litre 80 horsepower unit, produces more torque, the TwinAir gains a tweaked six-speed manual gearbox.

Ball hits the back of the net 15 times!

**Bacup & Rossendale Borough
2-6 St Helens Town
St Helens Town 2-5 Atherton
Collieries**

St Helens Town turned into the entertainers of the North West Counties League as their two games this week produced fifteen goals and fight-backs aplenty.

After dominating the early exchanges against Bacup, Town took the lead on 19 minutes when Marcus Perry netted a fine finish after a swift counter attack found him in space on the right.

And, just before the interval, Aaron Morris doubled the lead after he intercepted a through ball in his own half and played a neat one-two with Paul Cook-Hannah before curling home.

Bacup fought back to level soon after the interval courtesy of carbon-copy goals from Adrian Bellamy and Martin Cosgrave.

But Town weren't to be denied.

Karl Bergqvist put Town back in front on 72 minutes before Andy Gillespie restored the two-goal advantage on his return from injury.

A late double salvo from Bergqvist in added on time saw him complete his hat-trick and rub salt in the Bacup wounds.

Saturday's FA Cup Tie saw Town host Atherton Collieries

Jack McKay in action for St Helens Town

and Town raced into a 2-0 lead in the first half as Hamish Falconer rifled a left wing corner before skipper Andy Gillespie produced another fine finish.

That was as good as it got for Town though, as Atherton's Mark Truffas fired a free kick home before the break.

Ben Hardcastle then lev-

elled five minutes after the restart before Mark Batters-ton by fired home a third from the penalty spot.

With Town chasing the

game, Atherton added further goals from James Brooks and Phil Howard to send Town out of the competition at the first hurdle.

Rainhill win, lose and draw

Bootle won the toss against Rainhill and captain Snelgrove predictably elected to bat on the white Wadham Road wicket.

At 58-1 after 14 overs, this decision was justified even though the ever-reliable Qureshi was bowling tightly at one end.

But once Evens (31) and Snelgrove (20) were out, the rest of the Bootle batsmen crumpled, losing nine wickets for 17 runs. Bootle ended up 75 all out in 33 overs.

Qureshi finished with 6 for 28 from 16 and Dale 3 for 15 from 10.

Rainhill's response got off to a great start with an opening partnership of 49 before Higham was lbw on 16.

Whiston continued to 38 before being out with the score on 55 for 2. Rainhill got home in 36 overs with five wickets to spare.

Rainhill's second XI saw off Rainford's second XI.

Rainford lost both openers for just six runs. But Tully (39) and Brimelow (57) got the Rainford back on track. They declared at 222-8.

Atkinson (4 for 61) and Yate (3 for 75) were the pick of the home bowlers.

Rainhill passed the target with in 36 overs with five wickets in hand. Veacocks' 59 from 30 balls turned the game and backed up by Hayes (40 not out), Hurst (36) and Ryan (51) allowed the middle order to express themselves.

Meanwhile Rainhill's third XI drew with Rainford despite Rainhill declaring on 214-7 after 45 overs.

Prescot Cables 0 Ossett Albion 0

Prescot Cables started the season with a goalless stalemate against Ossett Albion at Hope Street.

Cables had the better opportunities to win the game in new manager Neil Prince's first competitive game in charge but, with eight new faces in the line-up, were unable to take all three points.

Ossett were forced to make a couple of changes before the interval when first Matthews limped off to be replaced by Brown and then Harrison was carried off on a stretcher with what looked like a serious knee injury and he was replaced by Richardson.

Cables almost broke the deadlock on 44 minutes when McCulloch's powerful goal-bound header was cleared off the line.

Stalemate as Cables take on Ossett

Cables then forced another corner in first half injury time only for McCulloch to this time head over.

Yunas Giwa Landre replaced Steve Milne in the second half - adding plenty of pace and presence to the Cables attack.

And, in the dying moments, Giwa Landre advanced into the penalty area on the left hand side before laying the ball off for Black, only to see his teammates shot saved by Rhoades at the far post.

Wild Cats go down to the Warriors

Wild Cats, winning the toss, chose to field and Warriors opened their account with a half for Sheila Dennett from the second ball.

In total they faced 34 balls, including five no-balls, and finished on 3 with other halves from Louise McDonald (2), Kate Rose, Jan Griffiths and Cassie Moran.

Wild Cats meant business with a full rounder from Di Arnold off the first ball and halves for Natalie Cotham and Alison Platt off the next two but, undeterred, Warriors took five lives from the next eight balls, including those of Di and Natalie.

Alison went on to score

the second full rounder which brought the scores level but she was caught on the first by near fielder Louise who had also caught Natalie.

Warriors' second innings was of similar duration to the first. They faced 30 balls, including three no-balls, and increased their score to eight with full rounders from Kate and Jan (2) and halves from Jenny Jones, Kate (2) and Jan.

Wild Cats, needing five and a half to win, got off to a bad start with Di missing her first ball and being stumped at first and Alison's half on her second bat was to be the only score of the innings.

Final score 8-3 1/2.

St Helens Sutton Athletic Club member, Christopher Lamb, broke new territory by competing in the newly-established octathlon over two days at Bedford.

He recorded 3,685 points, finishing fourth nationally, but taking the gold medal as the northern champion!

Christopher ran 12.3secs for the 100m, 59.9secs for the 400m, 3mins 18.7secs for the 1,000m and 12.70secs for the 80m hurdles.

He also jumped 1.59m in the high jump, achieved 2.50m in the pole vault, 23.86m in the discus and 44.44m in the javelin.

Meanwhile, three of the club's younger members competed on the first day of the Northern Athletics U17s U15s championships at Robin Park, Wigan.

Most successful was Dan-

Chris Lamb takes northern gold

iel Lamb who won the silver medal in the U15s long jump with his effort of 5.33m.

Unfortunately Daniel was less successful in the 100m, where he was unable to repeat his heat time of 11.87secs in the final.

Jorden Pilkington cleared 1.30m in the U15s girls high jump and, in the same classification, Alexandra Bottomley threw 23.09m in the javelin.

Neither girl made the medals but both gained valuable championship experience.

Fitting autobiography launch

FEATURE

Nothing could be more fitting and poignant than launching the autobiography of rugby league legend Steve Prescott at Wembley ahead of Saturday's Tetley's Challenge Cup Final between Leeds Rhinos and Castleford Tigers. The book, entitled One in a Million, traces Steve's long and sadly unsuccessful battle to fight a rare form of cancer, his phenomenal fund raising in aid of charity and his trophy-winning career which included two Wembley victories over Bradford Bulls in 1996 and 1997 when playing for St Helens - his home town club. As a youngster, he also experienced what winning at Wem-

Steve Prescott

bley felt like - wearing the black and white colours of Widnes and watching his dad, Eric, help the Chemics to a 18-9 victory over Hull KR in 1981. Steve, who also played for Hull FC and Wakefield Trinity Wildcats, also delivered the match ball at the end of one of his many gruelling fund-raising events in

2009 and presented the Challenge Cup in 2010.

■ Langtree Park will also stage its own book launch combined with a sports forum on Thursday, August 28 (7pm). Former team-mates will go through anecdotes of their times spent with Steve and all guests will receive a signed copy of One in a Million and enjoy a hot-pot supper. Tickets, priced £25, can be ordered online at www.spfund.co.uk (and collected on the night), or purchased directly from the Saints ticket office. However, anyone who has already pre-ordered the book can purchase a ticket for £10. Written with the assistance of St Helens-born sports journalist Mike Critchley, One in a Million is published

by Vertical Editions and, like tickets for the forum, can be purchased by accessing: www.spfund.co.uk

■ Had a telephone call on Monday from Saints historian and fellow scribe, Denis Whittle, informing me that former Knowsley Road powerhouse forward Billy Bretherton had died at the age of 84. Pemberton-born Bill played for the club in the early 1950s and was a member of the side beaten 15-10 by Huddersfield at Wembley in 1953. According to Denis it now leaves full back Glyn Moses as the only surviving member of that side which also featured Duggie Greenall, Steve Llewellyn, Don Gullick, Stan McCormick, Jimmy Honey, George Langfield, Alan Prescott, Reg Blakemore, George Parsons, George Parr and Ray Cale.

Prescot and Odyssey still in the title hunt

Prescot and Odyssey welcomed Moorfield to Burrows Lane on Saturday knowing only a win would keep them in the title hunt, following last week's disappointing defeat against Dalton.

Skipper Kenny Highdale won the toss on a cold, windy day and elected to bowl first. That decision paid dividend as tight bowling from Dean Fairclough and Lawrence Mason reduced Moorfield to 38-4.

But the next two batsmen came close to forging a century partnership before Paul Dagnall trapped Stephen Dean for 69 with the score on 134-5.

From then, P&O bowled with the accuracy they had shown at the start of the innings, taking the remaining

wickets for just 15 runs.

Chasing a target of 150, P&O started their innings badly, with Steve Danson hitting one of his trademark cut shots straight to the point fielder for a solitary run.

But the promoted Shaun Haigh and Mark Viggers then proceeded to take the attack to the Moorfield bowlers before Viggers got a leading edge off Mark Corbett to depart for 21 with the score 76-2.

Haigh brought up his 50 soon after and then started to unleash an array of attacking shots, including a straight six over the bowler's head.

He finished unbeaten on 113 with P&O taking the win and the 20 points.

FIREPOWER PAYS OFF

Saint Shannon McDonnell takes on the Wildcats

Steamhammer players rather than subtle movers prop up scoreline

SAINTS	40
WAKEFIELD TRINITY WILDCATS	16

By JOHN YATES
sthelens.reporter@jpress.co.uk
@StHelensReport

Firepower rather than finesse is emerging as a key ingredient in Saints' bid to land Grand Final glory at the end of the season.

Fans weaned over the years on a diet of free-flowing, off-the-cuff and expansive rugby will need to accept there are more ways to winning a game than pure entertainment in the next few weeks and this was clearly evident in Friday's sledgehammer demolition of the Wildcats at Langtree Park.

Compensating for season-ending injuries to Jonny Lomax, Luke Walsh and Jon Wilkin and the continued absence of Lance Hohaia - all renowned for their subtle skills - head coach Nathan Brown's starting 13 included four recognised props, Kyle Amor, Anthony Laffranchi, Alex

Walmsley and Louie McCarthy-Scarsbrook with a fifth, Mose Masoe, waiting in the wings - and the move paid handsome dividends.

Even the near 30-minute first-half absence of Mr Dependable James Roby due to a gashed leg and the failure of the luckless and injury-prone Gary Wheeler to reappear after the interval due to a groin problem didn't entirely disrupt their original game plan.

Brown also took a calculated gamble by switching Jordan Turner from centre to loose forward for the first time in his Langtree Park career, later describing his performance as "sensational", as well as handing a debut to ex-Hull FC full back Shannon McDonnell - and the Aussie celebrated the occasion by scoring two of Saints' seven tries.

It also allowed skipper Paul Wellens to operate at halfback, bringing his experience and wide range of skills to the fore and helping a ruthless pack expose weakness in the Trinity defence.

And the contribution of the

Saints' forwards wasn't lost on beaten coach James Webster who declared: "I thought we tried really hard but we were up against it given the size and

power of their team across the park.

"Their weight of possession, size and power hurt us but full credit to St Helens for the way they played. They had to play a different style of footie because they have no half backs, but when you stack power like that it is hard to compete against."

Saints certainly went for the jugular from the start and a 12-6 interval lead was scant

reward for their almost total dominance.

McDonnell's chip on the last tackle paved the way for the opening try after six minutes, forcing debutant Max Jowitt into mishandling the ball and, from the subsequent free play, Mark Percival's grubber kick led to Makinson touching down in the right-hand corner.

Percival then landed the first of his six goals and doubled his tally in the 27th minute after Mark Flanagan, Turner and Wellens combined to send Josh Jones over the whitewash.

Trinity had hardly made a telling impact but on the stroke of half-time halved the deficit through a close range Danny Washbrook try and a Jarrod Sammut goal.

Saints, however regained their 12-point lead within 60 seconds of the start of the second half when a blistering Percival break and clever kick set up McDonnell for his first try.

Percival added a far from easy conversion, but the Wildcats hit back within 10 minutes after Richie Owen plucked a Tim Smith bomb out of the air under pressure from Matty Dawson to touch down.

Unperturbed, the Super League leaders engaged a higher gear and by the 66th minute had extended their lead to 36-10.

Substitute Sia Soliola smashed his way over from close range, McDonnell put the finishing touches to a move to claim his second try of the night and so, too, did Jones.

Percival maintained his unerring accuracy goalscoring record, and while tormented Trinity reduced the deficit through a try from ex-Saints star Lee Gilmour and Sammett's second goal, Saints wrapped up the scoring seconds ahead of the final hooter.

Wellens' inch-perfect aerial kick was collected by Makinson in his stride, allowing the winger to cruise over the whitewash unchallenged and notch his 26th

try of the season - 24 in the league and two in the Tetley's Challenge Cup.

Victory also strengthened Saints' grip at the top of the table, following Wigan Warriors 14-14 draw at Hull KR and Leeds Rhinos' surprise 40-35 setback at London.

Former Saints hooker Micky Higham has been granted a three-month testimonial in recognition of his long and illustrious career, good character and service to the community both within and around Rugby League.

And one of the popular player's fund-raising events will be a question and answer fans' forum at Langtree Park on October 29.

Billinge-born Micky started his professional Rugby League career at Leigh and moved to Saints in November 2000, where he made 116 appearances and scored 35 tries as well as being a Grand Final winner at the expense of the Bradford Bulls in 2002.

He joined Wigan Warriors in October 2005 via Bradford Bulls in a deal involving the late Terry Newton.

Micky signed for Warrington for the 2009 season and won Challenge Cup medals in 2009, 2010 and 2012.

The testimonial will be launched at a Free Family Day at Monks Club Woolston on Saturday September 13.

A special testimonial brochure is also being produced as well as his very own iPhone App game with proceeds from all fun-raising events going to 33-year-old Micky's chosen charity, Steps, which supports children and adults affected by a lower limb condition such as clubfoot or a hip condition.

More details of all events can be found at www.micky-higham.co.uk

Tickets for next season - now!

Saints have unveiled details of their season ticket plans for the 2015 season which will see new and exciting changes to the structure of Super League.

This will mean that every game truly matters and in a more competitive and top quality league in which securing a high league position throughout the season is now more crucial than ever - only the top four teams ultimately qualifying for the play-off semi-finals after all league games are completed.

The bottom four teams will then join the top eight teams of the Championship to battle it out for their place in Super League for the 2016 season.

This means that season tick-

ets, which will range between £1,017 and £50, will represent excellent value for money.

Incentives available include:

- Renew or purchase your ticket before the end of this month you will be entered into a draw to win a VIP experience at the Saints v Warrington game on September 4.

Key dates

Renewal period: Now to October 31.

Early-bird: Now to Christmas Eve.

General sale: December 25 onwards.

- Renew before the end of September and you could win two VIP tickets to the 2014 Grand Final. In addition, if you buy or renew your season ticket before December 1, you will receive a 25 per cent discount for next year's Super League Grand Final. And for every Grand Final Ticket purchased before this date you will also receive a free scarf for every ticket purchased, which will be delivered in time for Christmas.

Five year season ticket holders will also have their passes automatically renewed and these can be collected from Langtree Park from September 30

Saintly golfers wanted for charity event

Saints are looking for budding Rory McIlroys to take part in the club's official golf day which will be staged at Houghwood Golf Club on Tuesday, September 9.

Entry will cost £240 for a team of four plus VAT, or £60 a player, and a chance to play a round of golf with members of the first team squad.

Arrival is 1.30pm for a shotgun start with competitors enjoying coffee and bacon barmes before teeing-off.

After all rounds are completed there will be a dinner and prizegiving.

Under 19s victory closes gap on leaders

The U19s remain hot on the heels of leaders Warrington Wolves following Friday's 42-10 home win over Wakefield Trinity Wildcats.

They trail the Wire by six points but have a game in hand on their neighbours.

Saints will be in action again tonight (Wednesday) when they face third-in-the-table Leeds Rhinos at Stanningley ARLC.

JURY OUT ON SAINTS
CHANCES OF CROWN

Chairman believes fans can play a crucial role during run in

BY JOHN YATES
sthelens.sportsdesk@lep.co.uk
@StHelensReport

The jury is still out on whether injury-hit Saints have the strength in depth to lift the Super League crown at Old Trafford in early October.

But whatever their chance of taking the ultimate prize, they are now within touching distance of claiming top spot at the end of the regular season and giving themselves a position of strength going into the play-offs.

They were given a timely and massive boost in round 24 of the competition with second-in-the-table Wigan Warriors only picking up a point in a fortuitous 14-14 draw at Hull KR and third-placed Leeds Rhinos paying the ultimate penalty for fielding a much weakened team at London just six days before their Tetley's Challenge Cup Final showdown against the Castleford Tigers, crashing to a 40-36 defeat.

It leaves Saints, who picked up two priceless points from their 40-16 home win over Wakefield Trinity Wildcats on Friday, leading the way with 36 (three more than the Warriors and four in front of Leeds, Warrington Wolves, Castleford and Huddersfield Giants) with only three fixtures remaining.

Saints run-in couldn't be much tougher with trips to both Leeds and Huddersfield and a home game against Warrington but chairman Eamonn McManus feels that with the backing of fans and the local community they can surmount a difficult set of hurdles.

He said: "If ever there was a time for everyone to pull to-

Saints chairman Eamonn McManus

gether, it is now until the end of the season.

"Injuries have again dealt us a difficult hand but it is not the time for self-pity, or to look for excuses.

"It is a time to rally, work together and to give everything for each other."

He also pointed to occasions this season when,

'It is time to rally and give everything for each other'

despite having key players missing, they rose to the challenge and cited an early season home triumph over Leeds and a win at Wigan as prime examples

"There is no reason why we can't produce those kind of results again in the next few weeks when there is everything to play for," he insisted.

"We have had our ups and down this year but so has every club during the most evenly fought season of Super League to date.

"We stand three points clear at the top of the table and are still the team to beat.

"We must stay together, strong and focused on the task ahead - and we will."

Travis Burns

Brown is tight-lipped on interest in Burns

Saints are refusing to be drawn on media reports that Hull KR's Travis Burns is on his way to Langtree Park and set to renew his half back partnership with fellow Aussie Luke Walsh next season.

Both were team-mates at NRL club, Penrith Panthers, before moving to the UK and would solve a problem area which the club hasn't successfully overcome since Leon Pryce and Sean Long ruled the roost.

But head coach Nathan Brown declined to comment on whether the 30-year old Burns was a prime target other than admitting that half back was a position which needed strengthening.

He said: "Like any other club, we are casting our net far and wide and on the look out for new blood."
